SwiftProx

Great Quality, Cost Effective Proximity Credentials

Our range of SwiftProx products provides every business with a cost-effective solution that works seamlessly with a range of existing Access Control systems.

Based upon genuine Atmel silicon, you can expect impressive functionality straight from the box just like HID Prox or other OEM brands. You can experience the superior quality of such well-known brands, at a margin of the expense. In addition to being remarkably cheaper than comparable Proximity Credentials available on the market today, you are given the power to choose which form factor is the most well-suited to your business. Browse below to see some of the key features of each of the form factors available which include Key Fobs, Proximity Cards and Disc Tags.

Key Benefits :

- **A range of form factors available**

- **Comparable to HID Prox**

- **Integrates with most Access Control systems**

- **High quality products at lower prices**

- **Based on genuine Atmel Silicon**
